A REVOLUTION IN TRANSFER PUMP TECHNOLOGY

Dixon Pumps Inc. has been manufacturing high-quality, high-volume positive displacement transfer pumps for over 20 years. Our Blade Master Pump Series combines our years of experience with our patented Dual Impeller/ Wiper Blade Technology to provide some of the strongest pumps on the market today.

Our revolutionary design combined with our “customer in mind” engineering allows us to not only outperform the competition, but also to create a pump that provides ease of maintenance and also reduces the cost, time and headaches associated with downtime. Everything about the Blade Master Series Pumps has been designed and engineered with two ideas in mind; performance and practicality.
